## Volunteer Opportunities for Next School Year

Time is a valuable commodity and with busy family lives and work schedules, it is easy to feel stretched in too many directions. I think we all feel that from time to time. That being said, Angel Wings is run by volunteers who generously give their time where they can. For some it is processing backpack orders on Monday mornings or working a few hours one Monday night a month. For others it is driving twice a month to pick up certificates from our local vendors and for others still, it is working on Thursday mornings to count and stock and fill backpack orders. All of these positions are extremely important and we are in need of volunteers for each of them for next school year. Please consider what time you could give and check in with me at Fee Day to be added to our schedule. I would sincerely appreciate it and I believe all who use the Angel Wings program would too!
